

# HP Elite Dragonfly

Uncover the truth about this powerful, sustainable laptop series

For thriving organisations, technology needs to be able to exceed every demand while minimising carbon footprints as much as possible. With the HP Elite Dragonfly series, businesses get the best of both worlds – a portable, feature-rich x360 laptop with state-of-the-art hardware and sustainably manufactured components.

Explore what's included with the HP Dragonfly series and see how it's putting sustainability front and centre.

## Learn to love the lightweight, x360 laptop for business

### Mobility beyond expectations

Starting at under 1kg, the HP Elite Dragonfly series is a x360 touch laptop you can take anywhere.

### HP Dynamic Audio

AI-powered audio that auto-tunes output to speech while minimising distracting background noise for a superior experience.

### Privacy technology

HP Sure Shutter and HP Privacy Camera help to maintain privacy, while HP Sure View Reflect blocks unwanted eyes from reading sensitive on-screen data.

### Stunning HD display

Communicate and connect with ease, thanks to the 13.3" diagonal touch-screen display, featuring Anti-Sparkle and an Ambient Light Sensor.

### Performance optimisation

No matter where work takes users, AI-based optimisation helps maximise performance and comfort levels.

### Optional 5G

When uninterrupted connectivity is needed, the world's fastest standard is the answer.

## Putting sustainability first

The world's first notebook made from **ocean-bound plastics**

Featuring a speaker box made with **50% post-consumer recycled plastic**

**Over 80%** of all mechanical parts are made from **recycled materials**

## Packed with additional features for business

### Find with Tile™

Through an app, users can quickly locate a misplaced laptop, even when switched off.

### HP Fast Charge

Super-fast charge capabilities restore up to 50% of battery life in only 30 minutes.

### Safe cleaning

Disable the keyboard and touchpad with a single button for safer cleaning.

### HP WorkWell

A personalised app that recommends healthy habits, taking breaks, and exercising.
